We Are Also Looking Forward To
GRANT LICHTMAN, an internationally acclaimed
presenter and author, who will lead an
interactive Keynote program based on his book:

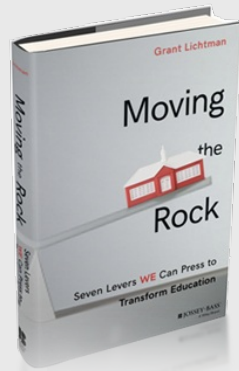

*"Moving the Rock: Seven Levers We Can Press
to Transform Education"*

Friends:

The **Joint Management Team of CiTi, Cayuga-Onondaga, OCM and TST BOCES and CNYSBA** partnered and couldn't be more excited to have Grant Lichtman, an internationally recognized thought leader on the transformation of K-12 education as the featured speaker for this year's CNYSBA Annual Meeting.

Grant works with school teams to develop a comfort and capacity for change in a rapidly changing world. For almost 15 years, Grant was a trustee and senior administrator at one of the largest independent schools in the United States.

Since 2012, Grant has visited more than 125 schools, published three books, written numerous articles, and worked with thousands of school and community stakeholders to develop unique and powerful visions and strategies for transforming education away from the Industrial Age and toward future-focused models of deeper learning.

His latest book takes an in-depth look at the systems and methods that need to change in order for K-12 schools to prepare for the future of education.

In addition to what promises to be an insightful presentation, the evening will again feature networking, discussion and the recognition of this year's school board members of achievement.

See you in Skaneateles...
