The Foundation Aid Formula is flawed and unacceptable. The disadvantage to less wealthy students and communities in NYS is profound. Everyone knows it; extensive research has found the current formula to be inappropriate and contrived. After 8 years no serious political will exists to fully fund the current formula or to create and fully fund what needs to and should exist- a sustainable formula demonstrative of equity, transparency and predictability.					

\*(Formula only w/o 12.55% min due to ensure all districts receive an increase as formula provided no increase, or other additions beyond the actual formula)
